Who Are We?

HistoriCorps was founded in 2009 through an innovative public/private partnership between allied organizations: Colorado Preservation, Inc. (CPI) and the United States Forest Service (USFS). In 2013, the founders achieved their vision of incorporating HistoriCorps as an independent 501(c)(3) non-profit organization.

HistoriCorps teaches, promotes and lives a preservation and conservation ethic. Our philosophy centers upon two core components: volunteerism and public benefit. Our volunteers, be they outdoor enthusiasts or students, youth corps, or Veterans, they are our heart and soul. By providing the highest quality restorations of historic structures for future generations to enjoy.

Our Impact on Preservation

Through the dedication of our talented field staff and passionate volunteers, we are proud to report that since 2009 HistoriCorps has:

- Completed 400+ projects in 32 states and territories
- Engaged 3500+ volunteers with over 240,000 hours
- Over 70 partnerships with federal, state, and local agencies as well as community based nonprofit organizations.
- Sample of awards and accolades
 - National Historic Preservation Honor Award (2011)
 - Regional Forester's Recreation Partner of the Year (2011)
 - Preserve America Steward Designation (2014)
 - USFS Windows in the Past Award - awarded on the 50th Anniversary of the Historic Preservation Act (2016)
 - Preservation Alliance of West Virginia Heritage Tourism (2018)

Where Do Donations Go?

Sponsorships and individual donations are allocated to directly supporting HistoriCorps mission of preservation and education of preservation trades.

We teach our volunteers the skills to preserve historical structures in their own communities and backyards.

Our programs are free for our volunteers. The generosity of our supporters maintains, replaces, and purchases new tools, equipment, trucks and trailers to keep everyone working safely in the field.
